I am a Senior Research Data Scientist currently working on Biology Network Science. I am interested in Big Data and High Performance Computing specially for genomic data. I am keen on learning public speaking and leadership skills

Professional experience

I am a research data scientist

Postdoc research

NETWORK SCIENCE

- Network science

CRG, Barcelona, Spain

2017-present

PhD thesis

ALTERNATIVE SPLICING, RNA-SEQ

- Alternative splicing, RNA-Seq

UBA, Buenos Aires, Argentina

2012-2016

Master Thesis

WEB INTERFACE

- Web interface

UNR, Rosario, Argentina

2003-2010

Data Analyst

NGS PLATFORM

- NGS platform

INDEAR, Rosario, Argentina

2010-2012

Education

I am a molecular biologist with huge experience in bioinformatics

INRIA

INTERNSHIP

- Protein sequence ancestral reconstruction

France

2009

UNR

MASTER

- Interface for CDHIT

Argentina

2003-2010

UBA

PHD

- Alternative splicing and Light

Argentina

2012-2016

CRG

POSTDOC

- Reconstruction of alternative splicing regulatory networks

Argentina

2017-2022
